SEVENTY SOULS

Find Their Last Resting Place in the Deep, Deep Sea--Another Ocean Horror.

The Pennsylvania Bank Getting on Its Feet Again--It Will Resume To-morrow.

Pungent Paragraphs Pertaining to Points of Interest From All Places and all People.

Another Ocean Horror.

LONDON, May 22.—The steamer Castalia, of Palermo for New York, grounded off Dania, Spain, and has jettisoned a part of her cargo. Rough weather prevents the rendering of assistance.

The British ship Syria was wrecked off the Fiji islands and seventy passengers were drowned.

The passengers were all Coolies.

A Relief to the Officers.

OWENSBORO, Ky., May 22.—Henry Hays, a farmer of Daviess county, was found dead near his residence with three pistol shots in his body. Hays was a desperate man and had been engaged in several shooting affrays. Warrants were out for his arrest, which the officers were afraid to serve. There is no clew as to how he came to his death.

Fire Record.

OWENSBORO, Ky, May 22.—A portion of the Owensboro wagon fantory burned with a large quantity of hubs and spokes. Loss, $20,000; insured for $10,000.

IRONTON, Ohio, May 22.—The forge department of the Kelly Nail and Iron company burned; loss $50,000. Fully insured.

PHILADELPHIA, May 22.—Spink's shoddy mills burned. Loss, $20,000.

CHICAGO, May 22.—Ward & Gaenlen's hide and tallow factory burned this morning. Loss $40,000; fully insured.

LONDON, May 22.—The fire in the lumber yard and mills at Aberdeen is most alarming. It is an open yard covering three acres, and is covered with huge stacks of sawn American timber. It is believed that it will continue to burn several days.

Completing the Cable.

ROCKPORT, Me., May 22.—The arrival of the Farraday was greeted by a thousand people and the firing of cannon. The shore end has been landed and will be connected with the section previously buoyed 250 miles east of Rockport. The citizens tendered a reception to the officers, but it was declined until the cable is completed. When the Farraday steams away this afternoon she will proceed to the buoy, 250 miles northeast, where she will splice the cable, thus making a complete circuit from Dover Bay to Rockport, then steam thirty miles east of Dover Bay and take up and splice the shore end laid from Dover Bay toward the Irish coast. When this splice is made she will sail to Ireland, paying out a thousand miles in the deep sea section. She will then buoy that end of the section and proceed to London for the remainder of the deep sea section. After taking this on board she will go back to her buoy and finish the laying of the deep sea section to the Irish coast.

Gould on the Situation.

NEW YORK, May 22.—Gould says that he has "proof of outside investors being heavy buyers of Western Union. For two weeks stock has been taken from the street and the market transferred. Concerning the market I have very little to say. I believe parties with capital are anxious to get securities at present figures, and have every reason to suppose that we have passed the troubles. I was talking with a prominent bank officer this morning. He declares that we have nothing to fear from our associated banks and that each day brings a brighter outlook."

THE PENNSYLVANIA BANK.

PITTSBURG, May 22.—A more complete understanding of the exact condition of the Pennsylvania bank and the feeling that they will be able to pay all liabilities, together with a concerted action of bankers last night, has had a reassuring effect and confidence to a large extent has been restored. It was feared that there would be runs on several banks reported on the street last night as in weak condition, but a visit to the alleged shaky institutions at noon found all serene, with checking not much greater than usual. The bankers expressed themselves as perfectly able to meet the demands made upon them. The officials of the Pennsylvania bank are busy to-day getting the affairs in shape for resumption to-morrow. Their clearances were made good to-day, and to-morrow they will open the doors with $600,000 in cash on the counters. Long before the hour for opening this morning a number of the heaviest depositors forced their way to the side entrance and insisted on making a deposit. The bank refused to accept them, however, until they resume to-morrow.

E. H. Shaw announced his suspension in the stock exchange to-day.

A Big Canadian Loan.

LONDON, May 22.—The *News* states that a Canadian loan of £10,000,000 is imminent.

A Good Will, But Bad Results.

PARIS, May 22.—The rupture between Victor and Jerome is complete. Victor has fallen heir to £40,000 by will by an unknown person.

Failures.

ST. LOUIS, May 22.—Attachment suits, aggregating over $40,000, were filed against the firm of Kauffman, Kahn & Co., wholesale milliners, this morning.

A New Coal Road.

PITTSBURG, May 22.—A party of engineers are engaged in surveying a railroad from Coalport, Clearfield county to Cresson, Cambria county, which, it is said, will open up the largest bituminous coal field in the state.

The Usual Railway Accident.

PETROLIA, Pa., May 22.—A freight train on the Parker and Karns City railroad went through a trestle, near Karns City, this morning and was badly wrecked. Two men, named Thompson and Cook, were fatally injured.

A Virginia Local Election.

PETERSBURG, Va., May 22.—The municipal election to-day is passing off quietly, with a heavy vote. A determined fight is being made by both parties. The republicans claim that they will carry five out of six wards.

The Presbyterians.

SARATOGA, May 22.—At the Presbyterian assembly a reception to Dr. Joseph B. Stratton, of Natchez, corresponding delegate of the Presbyterian assembly south, and Rev. Cornelius Britt, representing the general synod of the Reform church of America, occupied almost the entire session. There was great enthusiasm.

After a Gang of Horse Thieves.

ST. LOUIS, May 22.—A party of horse thieves in the Indian Territory were overtaken a few days ago by several officers, and in the attempt to arrest them, George Biggs, one of the thieves, was instantly killed, and another one mortally and the third slightly wounded. Two of the officers were also slightly injured.

A New Railroad.

LITTLE ROCK, Ark., May 22.—A special from Fayetteville says the directors of the Pacific and Great Eastern railroad have closed a contract with the St. Louis Railroad Construction and Land company to build the entire road, 350 miles in length, from Cincinnati, Washington county, Ark., to the eastern state line. Work begins before September 1. The route penetrartes a tier of counties in Northern Arkansas abounding in timber and minerals.

Butler's Letter.

NEW YORK, May 22.—General Butler accepts the nomination of the national anti-monopoly organization for president of the United States. The letter of acceptance is as follows:

LOWELL, Mass., May 22.

Gentlemen: I have the honor to receive your courteous note giving me notice of the action of the convention, held at Chicago on the 14th inst., of the representatives of the anti-monopoly party. The honor of designation by such a body as their candidate for the presidency of the republic cannot be too highly appreciated. Concurring in each measure of public policy as set forth in the resolutions I need only add that if the votes of the electors shall intrust me with the executive powers of that high office, each of them shall be fully, justly and energetically used to make every sure relief to the people and to the reform of the goverment as pointed out by your platform, in principles and realities of the administration.

Accept for yourselves personally, my most grateful consideration.

[Signed.] BENJAMIN F. BUTLER.

Congressional.

WASHINGTON, May 22.—In the house the bill passed authorizing the construction of bridges across the Missouri river at Rulo and Decatur, Neb.

The speaker laid before the house a letter from the secretary of the treasury, transmitting a draft of a bill permitting the exportation of spirits by railroad routes to adjacent foreign territories with the benefit of the drawback in the internal revenue taxes paid thereon. The house then resumed the consideration of the English-Peelle contested election case, the pending question being a motion to lay on the table. The motion was lost by a tie vote—yeas 132, nays 132.

After a very warm discussion and several motions to commit, lay on the table, etc., William E. English was sworn in as a member from the Seventh Indiana district by a vote of 130 yeas to 127 nays.

The Brewers.

ROCHESTER, May 22.—The final business of the session of the National Brewers' association was held this morning. Reports from different committees were adopted. A resolution sustaining the course of Mayor Carter Harrison, of Chicago, was carried. The tare per ton on hops was fixed at seven pounds. The officers were then elected.

The Methodist Conference.

BALTIMORE, May 22.—In the Methodist Protestant conference this morning it was resolved to appoint five commissioners to confer with a like commission from the Cumberland Presbyterian denomination in reference to the union of the two churches.

Safe Blowers.

ST. LOUIS, May 22.—The vault in the city clerk's office of East St. Louis was broken open last night and everything it contained stolen.

LOCAL NEWS.

The Congregational concert will be repeated to-night.

Matthias Funk has sued H. J. Hollopeter and others for $100, on a replevin claim.

T. S. Heller, county recorder-elect, is in the city. Mr. Heller will shortly move his residence here. He assumes his official robes June 15.

Henry Fisher, of the *Staats-Zeitung*, and Bird Wiley, the civil engineer, are on the criminal court jury. They glare viciously because the reporters make fun of them.

Master Mechanic J. B. Barnes to-day informed P. J. Fallon that it is the intention of the Wabash company to locate one of its proposed hospitals at Fort Wayne.

Dave Creighton was tendered a farewell reception by his friends last night at Anderson hall. He went to Philadelphia to-day to work for R. D. Wood & Co.

The slander case of Mrs. Anna Berg vs. Conrad Kammeyer was decided yesterday by the circuit court jury. Kammeyer has to pay $50 to Mrs. Berg who sued for $5,000.

The habeas corpus proceedings to get Ray out of jail are in progress in the criminal court. Ray is the man charged with robbing Christian Kamberger of $40 on Force street.

Assistant Foreman Frank Tyrrell, of the Wabash machine shop, had his right foot badly mashed yesterday by a heavy piece of steel falling on it. He now limps around with a very fancy slipper.

A man named Berg came to town yesterday, from Gurr Creek, and sold a horse belonging to his employer, A. Van-Open, to Luce Stapleford for $5. Van-Open later recovered the animal and forgave Berg.

The indications for the lower lake region as reported to THE SENTINEL by the weather bureau at Washington are as follows: Partly cloudy weather and rain, southerly winds lower barometer, slightly cooler.

Dr. L. Severance, R. Simonton, S. F. Day, S. D. Baker, J. R. Milligan, H. F. Drover, McCullough, McDonald and Wilbur, all Sir Knights Templar, of Huntington, are in the city to attend the special meeting of the order this evening.

John M. Evans, chief clerk in Auditor Hoffman's office, of the Fort Wayne, Cincinnati and Louisville railroad, went to Cincinnati last night. Rumor has it that a stronger magnet than the May festival draws the young gentleman to the Queen City.

There is evidently a determination in this county to build toll roads if the property owners themselves do not petition the county commissioners to make the improvements as directed by law. Yesterday the Fort Wayne and Leo Gravel Road company filed articles of incorporation with County Recorder Mommer. The road is to begin at the French brewery and runs up by the old pen house towards the Academy of Our Lady of the Sacred Heart, and thence to Leo via the Auburn road. The capital stock is $6,500. John C. Pfeiffer, $1,500 stock, Nelson Leonard, $500; Fred Bleke, $1,500, and Fred Kramer, $1,500. The cost of travel will be fixed at a subsequent meeting of the stockholders. The road will pay handsomely on the investment.

The Wabash company has not as yet made an effort to pay its employes for April, but a scheme is now suggested to pay the men and ease up its financial cramp by defaulting the June interest on 500 miles of leased lines, which have proved financial sink-holes. The Indianapolis division (I. P. and C.) with its 166 miles, it is said, will be dropped; the Toledo, Peoria and Western, 246 miles in length, will be abandoned to the action of the lessee, and the Eel river route, 93 miles, is named as a third road which the Wabash is tired of operating. The terms of the Indianapolis, Peru and Chicago lease will throw the road back into the hands of the trustees of the stockholders; receivers will be appointed for the other roads. These statements have been afloat for many days, but it is only a question of time when their truth will be established, as the work of improving the lines in question has practically been abandoned and to prepare them will take more money than the Wabash coffers are believed to hold.

The Village Fair.

The Trinity Episcopal church fair closed at Arion hall last night after netting the promoters $450. There was quite a large attendance, and numerous attractions were presented which will be referred to at length in the society department Saturday. The voting for the most popular young lady, gentleman and clergyman was spirited. Miss Lottie Holmes, of Pittsburg, was voted the most popular young lady and presented with a handsome candlestick. Mr. Hugh M. Bond won the gentleman's smoking set, and Rev. W. N. Webbe the screen for a clergyman.

Lifted Up

A happy surprise it was to Mr. A. R. Norton, of Bristol, Conn., when ATHLOPHOROS put him on his feet, and sent him cheerfully about his business. Let him tell his own story:

"About three weeks ago I was taken with a severe crick in the back. For four days I was unable to turn in bed without help, and when lifted up could not stand on my feet. I was induced to try ATHLOPHOROS, after all the usual remedies failed. In 30 minutes after taking the first dose I could bear my weight upon my feet. In two days I was able to get about and attend to business. In two other cases which have come to my knowledge its use has been attended with the same results."

A poor man in Philadelphia had to borrow a dollar to buy a bottle of ATHLOPHOROS. On account of his poverty his name shall remain a secret. He had suffered terribly from Rheumatism. He gratefully writes:

"I took my first dose Tuesday afternoon, and on Wednesday, after but seven doses, I had not a sharp or severe ache left. Then I reduced the dose one-half and took the remainder of the bottle. I was able to be steady at work till Saturday, when I took a severe cold and was unable to use my left hand. I purchased another bottle and by bed-time I found relief. The medicine is all you claim for it."

Investigate ATHLOPHOROS all you please! Find all the fault you choose with it! and yet the fact remains, that it is doing what no other medicine ever could do for Rheumatism and Neuralgia.

If you cannot get ATHLOPHOROS of your druggist, we will send it express paid, on receipt of regular price—one dollar per bottle. We prefer that you buy it from your druggist, but if he hasn't it, do not be persuaded to try something else, but order at once from us as directed.

ATHLOPHOROS CO., 112 WALL ST., NEW YORK.

Durham is historic. It was neutral ground during the armistice between Sherman and Johnson. Soldiers of both armies filled their pouches with the tobacco stored there, and, after the surrender, marched homeward. Soon orders came from East, West, North and South, for "more of that aforesaid tobacco." Then, ten men ran an unknown factory. Now it employs 800 men, uses the pink and pink of the Golden Belt, and the Durham Bull is the trade-mark of this, the best tobacco in the world. Blackwell's Bull Durham Smoking Tobacco has the largest sale of any smoking tobacco in the world. Why? Simply because it is the best. All dealers have it. Trade-mark of the Bull.

LOOK OUT!
DURHAM BULL.
If he's gone for a package of Blackwell's Bull Durham Smoking Tobacco, as he was told, he wouldn't have been contrary by the bull.

THURSDAY, MAY 22, 1884.

OFFICIAL PAPER COUNTY AND CITY.

THERE are 48,621 Odd Fellows in Ohio.

AND yet we are told that the republican party is harmonious.

RUSSELL SAGE seems to have been "put" and "called" too often.

THE state democratic convention of Ohio will be held June 24 and 25.

CAN it be that Arthur was a sharer in the Grant & Ward contract system.

THE Prussian authorities are searching in New York for a prominent Nihilist.

IT now turns out that President Arthur was a depositor in the firm of Grant & Ward.

THE Wheeling *Register* thinks the author of "Bread-winners" doesn't have an office on Wall street.

THE yield of peaches in Delaware promises this year 8,000,000 baskets, the heaviest yield since 1875.

A VINEGAR factory in Philadelphia has been seized as an illicit distillery. Another case of sour grapes.

THE State Funeral Directors' association met in Indianapolis yesterday. They did not discuss the prevention of diseases.

NOW THAT the so-called "business men's meeting" has boosted Arthur, he ought surely to succeed, especially as a committee of one hundred are to go to Chicago.

As was said a few days ago, Senator Sabin having lost his barrel will also lose the chairmanship of the republican national committee. There is no further use for him.

THE inaugural night of the Cincinnati festival was a brilliant success. Gounod's "The Redemption" was the selection and was given magnificently. The financial success of the festival is assured.

THE republican factions had better be grooming their dark horses for the Chicago race. Now there's Harrison. Why don't he arrange for an interview, and have it published broadcast over the land?

WHY don't Lo an have a business men's meeting in Chicago? It seems that Mrs. L. has completely abandoned her hubby in the hour of his need and he is left to flounder about unguided and unprotected.

IT's too bad Wayne McVeagh should show things up so and at a time too when its likely to be used by the president's enemies. Mac ought to be banished from the republican party or else sent down on Dorsey's ranch and made to herd cattle.

THE rumor is now afloat that Blaine visited Gresham the other day and offered to throw all his forces in his (Gresham's) favor if he would promise him (Blaine) the position of secretary of state, but that the judge would not coalesce. This is rather a thin story.

IT is not a bad sign when a son of the president of one of the banks which went down in the Wall street crash, who has been reared in luxury, pulls his coat and goes to work in a factory. It may be the ruination of the old gentleman but the making of the younger.

REV. HENRY WARD BEECHER was one of the chief speakers at Arthur's business men's meeting in New York the other night. The first thing the world will know Beecher will be coming to the front as a dark horse. Why not make it Arthur and Beecher—platform, mutual admiration and woman's rights.

DAYTON, Ohio, in order to pamper to both factions, proposes the adoption of a half-Sunday ordinance, that is that all saloons and business houses shall be closed until 1 o'clock. The city council should either compel the observance of the entire day or of no portion of it. In this case a half loaf is not to be desired.

THE effects of the strike of the coal miners at Brazil, this state, is being felt by the merchants, and many failures are reported.

THE mention of ex-President Hayes' name in Arthur's business men's meeting was received with derisive yells. Mr. Hayes may yet be able to boom the New York poultry market and thus squelch a few of the kickers.

WOULD it not be interesting to see Logan, Storrs, Cameron, Conkling, Me Too Platt, Dorsey and MacVeagh in the Chicago convention What harmony there would be and what a magnificent chorus of yells would be raised.

WE read occasionally that this financier and the other, after his utter collapse, is self-possessed and cheerful under his misfortunes. It would be something more to the purpose to know whether their ruined creditors are equally self-contained and happy.—*St. Louis Republican.*

IT is said that George I. Seney, the late president of the New York Metropolitan bank, complains of the treatment he has received from the press. The press might reply, "The half has not been told." Mr. Seney's career has not been paper proof, and as long as the truth is told he should not flinch.

IN a communication to the *News* last night a correspondent, over the initials "C. J.," advances several arguments on the condition of American workmen as compared with those of England, which will necessitate several columns of valuable space in the *Gazette* to reason away, and then it will be proven false with as much success as is customary in the editorials of that sheet.

THERE is a disposition on the part of some officers of the law to be too free in the use of their revolvers. At times they are a very necessary article but the officer at Hope, this state, who shot and killed a prisoner charged with drunkenness, who attempted to escape, should be made to feel that the law and the people demand his punishment for an offence which certainly savors strongly of murder.

JUDGE LOWRY is abundantly able to take care of himself among the congressmen and very soon they will leave him severely alone. The other day in the discussion of the English-Peelle contest case, in which Mr. Lowry made the principal speech, he referred to Representative Wise, of Virginia, who had made a disrespectful remark about Ward and Lowry. The man Wise, who prides himself on his "affairs of honor," undertook to reply to our congressman, but was driven back amid the jeers and laughter of the galleries.

IT is well for people who are called upon to part with friends who have passed away to another life, to cast aside their grief so far as possible and turn their attention to affairs of this world, but not every one could do as a crowd in Wells county did a few days ago. About a year ago a resident of Markle, Huntington county, died, but his funeral was not preached until last Sunday. On that day occurred the birthdays of two relatives of the family, and so their friends, after hearing the funeral sermon in honor of the deceased, gave these two what is known as a "birthday surprise." Certainly we are progressing.

GOOD political prophets are now prophesying that Blaine is losing ground and that Arthur is the gainer thereby. There is probably but little doubt but that Arthur has gained in the last few weeks and that his friend's (?) chances are thereby somewhat impaired; but Blaine will yet show the strongest following on the first ballot, and if it is not sufficient to draw the fluctuating members of the convention it is his own fault. He has caused it by his apparent indifference at times when decisive movements were necessary. Blaine wanted to give the impression that the office was seeking him, but that is such a rare occurrence that the people generally take but little stock in it. It now begins to look as if a dark horse was a coming possibility if not a decided probability.

A REPUBLICAN'S TESTIMONY.

An open letter from Wayne MacVeagh, ex-attorney general, to ex-Secretary Bristow, giving him a few points for a speech in the interests of the president, furnishes highly interesting reading to the average man and shows how the republican family dwell together in love and unity. What better evidence do the people need of the corruption existing in the republican party than the evidence thus given by an ex-government official. The letter after stating that the author's warm personal regard for the speaker makes him desirous that his speech should be a good speech, even in a bad cause says: "I venture, therefore, to offer you a few suggestions. At the threshold I ought to warn you that while nobody envies Mr. Arthur the great prize, as far beyond his expectations as his deserts, which he drew 'in the lottery of assassination,' yet nobody has forgotten the pregnant fact that Guiteau was an original Arthur man; that he killed President Garfield expressly to make Mr. Arthur president, and that he did make him president, by that act, for nearly four years." MacVeagh continues "that a proper sense of decency and of the fitness of things would have led President Arthur and his friends to see that his true course was to be satisfied with one term, and not to challenge his countrymen to review his political career and express their opinion of it." Mr. MacVeagh then cites the building up and managing of the republican "machine" of the city of New York; "To the noble attitude Mr. Arthur maintained towards the civil service orders of President Hayes, defying both the president and secretary of the treasury, and refusing either to obey their orders or resign his office;" to the third term; to his speech at the Dorsey banquet, "the first and last occasion in our history when one man publicly praised another for bribing voters;" to "Mr. Arthur's part in the resignations of Mr. Conkling and Mr. Platt, and his conduct at Albany until summoned to Washington by the sound of Guiteau's pistol;" to the "mad riot of calumny and defamation of the dead Garfield, in which, for many months, the most intimate friends and associates of Mr. Arthur indulged." The remainder "points" in the same line. Altogether it is a very interesting document.

"Oh, I do feel so nice!" said a young girl of nineteen years. "I don't feel as if I had a head or a stomach, or anything." And yet headaches, backaches, stomach aches and many other aches, swellings, sores, etc., troubled her before she took Dr. Guysott's Yellow Dock and Sarsaparilla. This remedy restored her to perfect health, as is indicated by her clear complexion, smooth skin and bright eyes. It will relieve all ailments peculiar to female life.

DETERMINED ON DEATH.

The People of Whitley and Kosciusko Counties to Hang Butler if the Jury Don't
--Continuation of the Proof to Establish the Insanity of the Murderer.

The interest in the Butler trial at Columbia City continues unabated. People flock from all parts of Whitley and Kosciusko counties to hear the evidence and witness the proceedings. Night sessions are held and the court room is constantly packed, some people actually living in it. The Columbia City *Daily Post* says: "Guiteau was not too crazy to be hung, though an abundance of evidence was produced to prove him a lunatic. Have we another Guiteau on trial in the circuit court of Whitley? The individual who has either been an attendant of the trial from the beginning or a reader of the *Daily Post*, can word the answer to the above question himself, for he has all the evidence and testimony to date, and enough has certainly been produced upon which to base a little bit of an opinion at least. We have heard men remark that it would be no harm to hang Butler anyway, as he was of no good on earth, and that his family and friends would be better off were he dead and laid away in his "windowless palace of rest," than were he either free or in some dungeon cell. This view is not presumptuous, nor is it unanswerable, and is unquestionably popular."

The people there are fearful that the load of insanity depositions introduced by the attorneys for Butler will defeat the ends of justice and the Columbia City *Daily Post* says that a report reaches its office that 380 substantial men in and around Pierceton have pledged themselves, by subscribing their names beneath the pledge, to come to Columbia City, in the event that the verdict was anything else than the death penalty, break down the jail, take Butler out and hang him up to the first tree they came to.

Another report is that a gang of men were seen skulking about Sickafoose's residence Tuesday evening. And still another is that the friends of the dead woman have threatened to blow up the jail if Butler is not hung.

And still another is to the effect that a man from Columbus got drunk, was arraigned before the 'squire, fined and sent to jail and that it was from him that Butler got the revolver; and that as soon as he had performed his mission, (that of providing the criminal with a pop) he was promptly bailed out.

THE FORT WAYNE ROAD.

Important Meeting of Its Stock and Bondholders--Recommendation that the Road be Turned Over to the Pennsylvania Company.

An adjourned meeting of the stock and bondholders of the Pittsburg, Fort Wayne & Chicago railroad was held at Pittsburg yesterday and the following directors were chosen: G. W. Cass, Samuel J. Tilden, J. W. McCullough, and Charles Lanier. Nineteen millions in stock were voted at a meeting held immediately after to consider the settlement of the bond and mortgage proposition. A committee consisting of L. H. Niger, George W. Cass and J. W. Hutchinson were appointed to personally examine the proposition and report at a meeting to be called by Chairman Myer. President Myer's annual report showed the gross earnings for the year 1883 to be $10,844,357; operating and main line expenses $6,916,668. "However efficient the Pennsylvania railroad management may be," says the report, "it would hardly be desirable for the general or prior stock to hold a minority interest, when the Pennsylvania Railroad company, or any other railroad company held the majority interest of control, and had sole decision how the lease should be constructed. The lessee desires the control and ownership of the Pittsburg, Fort Wayne and Chicago company, and is willing to buy our stock and give us a practically permanent mortgage, bearing exactly the same interest the stock bears, and your board of directors advise that the offer ought to be accepted."

Palpitation or rapid beating of the heart followed by periods of complete cessation, is caused chiefly by nervousness and bad blood. If the disease is neglected it is liable to result seriously, especially at a time of sudden excitement. Purify the blood, strengthen the muscular and nervous system, governing the heart, by using Dr. Guysott's Yellow Dock and Sarsaparilla, and you will soon be rid of every trace of the affection.

The iron trusses for the Masonic Temple have arrived and will be put in position shortly. The edifice is now well up into the third story. The Temple will be four stories high.

The druggist who hesitates now is lost for the winter. He should sling together some sweet oil and liquorice and bring out his cough cure at once. Dr. Bull's Cough Syrup does not pay him enough profit.

Extract from a letter from Waymart, Wayne county, Pa.: "The wonderful efficacy of your great remedy, Pond's Extract, for the alleviation of pain and for healing diseased tissues; was signally shown in the case of my wife while suffering from a carbuncle of the most malignant type. For four weeks she was dangerously low. Pond's extract was prescribed by one of the best physicians in Pennsylvania. It was used lavishly and constantly for bathing, and used internally, and it was certainly the principal remedial agent in effecting her recovery. H. TORREY."

Good looks conciliate, beauty fascinates. White teeth do more to augment personal comeliness than any other facial characteristics. The ladies know this and either to render the charm lasting or to secure it when wanting, apply Sozodont, the most effective of tooth preparations. Use it systematically.

Do not forget that the Hospital Fair begins May 26.
